Health Care Provider Name / Address (Please Print)

PARENT REQUEST AND AUTHORIZATION:

I request that the school nurse or designated school personnel assist my child with medication as ordered by the health care provider. I give permission for the school nurse to communicate with the health care provider on matters related to this medication. I will notify the school nurse of any changes in medication, health status, or authorized health care provider and will provide a new medication order form. I understand I may submit a written statement to withdraw my consent for administration of medication at school at any time.

I understand that the school must receive the medication in a container with a pharmacy label that indicates name of student, health care provider's name, medication, dose, route, and time to administer (over-the-counter medication must be in the original container). I understand that the medication must be delivered to the school by the parent, guardian, or adult designee.

I understand that medication (including over-the-counter) can only be administered to my child at school if the school has received ALL of the following: a.) Current California-authorized health care provider order, b.) Parent / guardian signature, and c.) Properly labeled medication.
